List of Poster Presenters

Below is the list of confirmed poster presenters as of September 7, 2010.

Name	Affiliation	Country	Poster Title
Laurent Bertino	NERSC	Norway	TOPAZ: the MyOcean Arctic forecasting system
Lin-Ling Chen	NERSC	Norway	Accumulation over the Greenland Ice Sheet represented in reanalysis data and related atmospheric circulation
Igor Esau	NERSC	Norway	The planetary boundary layer feedbacks in polar latitudes
Ed Hawkins	University of Reading	UK	The potential to narrow uncertainty in regional climate predictions
Natalia Ivanova	NERSC	Norway	Arctic sea ice variability observed by satellite
Kirill Khvorostovsky	NERSC	Norway	Decadal elevation changes of the Greenland ice sheet
Vladimir Kryjov	RHMC	Russia	DJF, 09/10: A Winter of Extremely Low Northern Hemisphere Annular Mode. Was It Predictable?
Victoria Miles	NERSC	Norway	Helheim outlet glacier interaction with the Sermilik Fjord on the East Greenland Coast
Yvan Orsolini	NILU	Norway	Cooling of the wintertime Arctic stratosphere induced by the Western Pacific teleconnection pattern
Corinna Schrum	University of Bergen	Norway	Modelling pollutants in the Barents Sea
Stefen Tietsche	MPI	Germany	Towards sea-ice initialization in coupled climate models
